EXPERIENCE

CONDON PRODUCTION ASSOCIATES: EXECUTIVE PRODUCER AND DIRECTOR, Tucson, Arizona: June 1998 to Present

Producer and director of photography, computer graphics, computer animations, 3D profiling, digitizing and surveying of scenes, vehicles and other objects, video productions, medical/technical illustrations, and other graphics for the legal industry. This association includes a 3D computer modeler and animator, still graphic producer, scale model and cutaway model producer, videographer, photographer, and video editor.

FORENSIC PRODUCTIONS INC: PRESIDENT, Tucson, Arizona: 1986-1997

Producer, director and co-owner of video, graphic, computer animation and investigative company, which provided services to primarily the legal industry. This company was sold in 1997.

PAUL T. CONDON INVESTIGATIONS, INC: OWNER, Tucson, Arizona: 1984-1986

Private investigator licensed by the Arizona Department of Safety. Investigated criminal, personal injury and other civil litigation cases for attorneys, insurance companies, business and corporate clients.

OFFICE of SPECIAL PROSECUTIONS, DISTRICT ATTORNEY'S OFFICE: SPECIAL FORENSIC INVESTIGATOR, Santa Fe, New Mexico: 1981 to 1982

Special forensic investigator for the temporary prosecution office formed to investigate and prosecute the crimes perpetrated at the New Mexico Penitentiary during the riot of February 1980. Compiled, consolidated, organized and inventoried all evidence, both physical and photographic, collected following the riot by numerous agencies. Interviewed inmate witnesses for purpose of identifying weapons used during the riot. Analyzed autopsy reports and photographs for wound pattern identification and matching to specific weapons and the evaluation of the credibility of inmate witness accounts of homicides and other crimes. Gave extensive testimony during pretrial motion hearings and trials regarding the riot scene investigation and forensic evidence.

**OFFICE of the MEDICAL INVESTIGATOR, UNIVERSITY of NEW MEXICO:
DEPUTY MEDICAL INVESTIGATOR, Albuquerque, New Mexico: 1978-1980**

Investigated and prepared written reports on deaths occurring in Bernalillo County New Mexico, which included all homicides, suicides, accidental and natural deaths (within the jurisdiction of the OMI). Assisted other medical investigators in outlying areas. Performed external examinations on bodies of non-autopsied cases under the direction of the Medical Investigator (pathologist). Reviewed and prepared synopsis of hospital charts from cases involving deaths at the University of New Mexico Hospital. Investigated the riot at the New Mexico Penitentiary in February 1980. Prepared a detailed scene investigation report on the entire riot scene, which included extensive photography and diagrams.

**OFFICE of the MEDICAL INVESTIGATOR, UNIVERSITY of NEW MEXICO:
MORPHOLOGY TECHNICIAN, Albuquerque, New Mexico: 1978**

Assisted pathologists with the performance of autopsies, including dissection, photography and evidence collection.

**MAXWELL MUSEUM of ANTHROPOLOGY, UNIVERSITY of NEW MEXICO:
LABORATORY TECHNICIAN, Albuquerque, New Mexico: 1978**

Performed skeletal analysis on both archeological and forensic specimens in the Physical Anthropology Lab and received training in forensic anthropology.
